### Part 21G - Production Organisation

**Duration:** 2 Days

**Language:** DE/EN

To build and certify aircraft parts manufacturing companies need to hold a Production Organisation Approval. The EASA Part 21 Subpart G of Regulation (EC) No 748/2012 provides the regulatory framework for the approval of Production Organisations. This two-day course provides an introduction to European Aviation laws, as well as an understanding of the of the regulatory tasks and responsibilities of a Productions Organisation.

#### **Contents:**

- ❖ Basic Regulatory Framework (ICAO, EASA, LBA, Hard Law, Soft Law, AMC, Definitions...)
- ❖ Aviation Organisations (DO, PO, CAMO, MO, MTO)
